HOW TO CREATE AN IDEABOOK

1. Browse through photos on Houzz. When you find something you're interested in, click "Save to Ideabook," at the bottom of the photo.
2. A screen will pop up allowing you to create a new Ideabook (or add an existing one). Create a new Ideabook and enter a title in the blank "My New Ideabook" in the field. Click the green "Save to Ideabook" button. Type a comment about the photo in the "What do you like about this photo?" field.

MAKING CHANGES TO YOUR IDEABOOK

- You can add new photos, delete photos, and make changes to your notes
- Click the red "X" to delete a photo in the right-hand corner of the image
- Click on the square at the beginning of the Ideabook that reads "Add Photo or File" to add photos from your computer or another website
- You can also add comments underneath each image

HOW TO ADD COLLABORATORS

1. Click the "Add or Edit Collaborators" button beneath your Ideabook title. A screen will pop-up. There you can make your Ideabook private or public and additional viewers or editors. Type their Houzz username or email address into the search field and click Add.
2. After sending, they'll receive a notification email, so they can start making your home design dreams a reality.
